

Welcome

Welcome back and hopefully everyone had a great summer. Whilst some of us were taking full advantage of the summer break there were others that have continued to skate both here and abroad.

I am delighted to advise that at the end of August Vicky Jackson qualified to compete at this year's British championships at Novice level. Vicky will now join Isabella Larkin, the current British Novice champion and Carmen Lee who have previously qualified to compete at Junior level and Novice Level respectively.

The British championships will be held in Sheffield in November this year and we wish them all the very best in the run up to the competition.

This is just a short newsletter to remind you all of a few dates and notices that have arisen over the holiday period.

Dates

Hopefully you have all received the dates for this year but just a reminder.

Club starts again on 2nd September 2010 and will start with Ruby, Sapphire & Amethyst groups. Followed by Emerald, Pearl and Diamond.

23rd September - Free competition.

Charity Curry night 20th Sept - TBA and further details to follow.

Club Competitions

Just a quick reminder regarding competition entries. All entries must be received by the closing date which is generally the Wednesday the week before the competition. This needs to be the case so that the draw for the competition can take place at club on the Thursday prior to a competition taking place.

Example:

Club competition: Thurs 23rd Sept 2010

Closing date: Weds 15th Sept 2010

Draw takes place: Thurs 16th Sept 2010

It is imperative that we receive any entries prior to the closing date to hold our competitions in accordance with Nisa regulations.

If you have any queries please see a committee member on club night. Thankyou

Insurance

Following this years renewal of insurance we have now been advised by Nisa that we only need to insure members that are **NOT** individual members of Nisa. Therefore it is essential that we have up to date information regarding club members that have current Nisa subscriptions because without this, Insurance cover on the ice will be void. We will over the next few weeks begin a register to take Nisa membership details, this will include Name of skater, Nisa membership number and expiry date. It is therefore now **YOUR** responsibility to ensure that we are kept up to date with this information to ensure we have adequate cover provided. If you have any queries then please speak to a committee member.
